ABOUT ME

I am a recent graduate seeking a workplace where I can make an impact and apply the knowledge I have learned in school to real-world problems. My main interests are software engineering and web development.

SKILLS

Programming Languages
- Proficient in Java
- Experience with C, SQL, HTML, TypeScript, CSS, Dart, Rust

Tools/Frameworks
- Experience with Eclipse, VS Code, and IntelliJ
- Agile development
- Experience with Flutter mobile framework
- Experience with React.js

ACHIEVEMENTS

- Boise State University Class of 2025 magna cum laude
- Section Leader in the Boise State Blue Thunder Marching Band 2024
- Two years as Drum Major in Vallivue High School Marching Corps
- Valedictorian of Vallivue High School, Class of 2022

EDUCATION

Boise State University, Boise, ID
Computer Science BS: August 2022 - May 2025
Chosen Coursework: Data Structures, Distributed Systems, Web Development, Programming Languages, Software Engineering, Algorithms
GPA 3.9, *magna cum laude*

PROJECTS

Cowhub – Farm Training App
Flutter, Rust, Docker
Worked with a sponsor alongside my teammates to develop a video training platform aimed at the agricultural industry. Used Flutter mobile framework to build an intuitive user interface. Created an efficient backend using Rust.

Jingle Composer – Web Development Project
JavaScript, HTML, CSS
Designed and developed a web application that enables users to compose, save, and edit small jingles using an interactive music staff. Implemented an intuitive music staff UI to make composing accessible to anyone.

WORK EXPERIENCE

Grounds Maintenance Crew
Nampa, ID   May 2024 - August 2024
- Operated various maintenance equipment and hand tools, demonstrating a strong attention to detail and commitment to quality by ensuring the golf course grounds were meticulously maintained.
- Collaborated with team members to uphold high standards of course care, utilizing problem-solving skills to maintain and enhance the health of the grass and natural features.

Pro Fulfillment Associate at Lowe's Inc.
Nampa, ID   March 2023 - November 2023
- Communicated with contractors and pro customers to fulfill their building supply needs.
- Used problem-solving skills with customers to help find the right materials for their building and home improvement projects.
